UNITE

Experience convenience, connectivity and seamless access control with the **Kwikset UNITE™ EAC Platform**. Electronic locks, cloud-based web and mobile software, smart credentials and smart reader controllers work together to deliver a simple yet comprehensive solution for managing your multifamily property.

Kwikset UNITE™ electronic locks are the smart multifamily property upgrade for your mechanical locks.

Kwikset UNITE™ Electronic Locks provide multifamily property managers and tenants with a convenient, stylish and efficient way to manage resident door access.

They come in a standard lock and interconnect variant and can be controlled by mobile, desktop or physical credentials (fob or card). Kwikset's trusted electronic locks and intuitive software platform offer a cohesive, simple and seamless access control experience.
